Experience

Resource Center Assistant — Drexel University

Philadelphia, PA | October 2025 – April 2026

- Delivered customer service to students and faculty, ensuring timely handling of mailroom operations and improving workflow efficiency.
- Organized workspace systems to reduce misplaced items and streamline distribution processes.
- Supported administrative tasks that enhanced the reliability and accessibility of student resources.
- Coordinated with staff to maintain accurate records of incoming and outgoing materials.
- Assisted with student inquiries, contributing to a welcoming and supportive campus environment.

Projects

Mike’s Bikes Simulation — CMO Role

Drexel University | January 2026 – March 2026

- Developed marketing strategies to increase product awareness and improve simulation performance.
- Interpreted sales and market data to adjust pricing and promotional decisions.
- Collaborated with teammates to optimize long-term business outcomes and improve overall firm ranking.

AI Conference Research Intern — Al Jazeera Media Network

Doha, Qatar | July 2026

- Supported planning for an international AI Media Conference through program research and workshop development.
- Researched global AI experts and technologies to guide speaker selection and content on ethics, verification, automation, and misinformation.
- Analyzed Qatar's AI-media landscape and collaborated across teams to align programming with regional priorities.

Data Analytics Case Study: Corporate Retail Optimization

Tableau Public | Completed July 2026

- Analyzed 10,000+ retail transactions with SQL to pinpoint weak regional product categories.
- Built an executive Tableau dashboard showing revenue, profit trends, and supply-chain performance.
- Delivered actionable insights revealing thousands of dollars in potential shipping-efficiency savings.

Leadership

Peer Leader — Drexel University, LeBow College of Business

March 2026 – Present

- Mentored first-year students by providing academic guidance and helping them transition into the business school environment.
- Supported classroom activities and collaborated with faculty to enhance student engagement.
